Funeral receptions

We have a **variety of private rooms** that can cater for funeral receptions of varying sizes and requirements. We appreciate that numbers are difficult to gauge and should you need to change your requirements at short notice we will do our best to accommodate. We have our main function suite which can cater for parties up to 150 people, our restaurant which can accommodate up to 60 seated, our bar area and if required we can use our function reception bar for groups of 50-60. **Our buffet prices are below and include tea and coffee on arrival.** Should you wish to provide reception drinks we can organize this with you or can arrange for the first drinks to be on the family with a tab behind the bar to a pre-agreed limit .

We play appropriate background music but if you prefer we can play your own music via a CD or phono connections. Some families like to have a memory table and/or display photos which we can organize through a USB stick (we recommend you try this prior to ensure the photographs are in a suitable format). Any other personal requests we will do our best to accomodate
